**InterNetLC.com**

*We create trade and jobs.*

**InterNetLC.com** - is an eCommerce company providing international trade finance services and access to pre-shipment working capital for small and medium size companies worldwide.

**Vision** - InterNetLC.com's vision is to promote peace and economic stability by assisting small and medium size companies worldwide grow and create jobs through trade.

**Mission** - InterNetLC.com's mission is to provide trade finance services and access to pre-shipment working capital via the Internet to local companies in all countries.

**Organization** - InterNetLC.com is an Internet eCommerce company, managed as a cooperative by its members and investors.

**ILC Jobs Foundation** – InterNetLC.com is dedicated to creating employment worldwide. To this end the company devotes a percentage of its revenue toward job creation loans and investments in emerging democracies.

**Globalization Policy** - We will make sure InterNetLC.com is viewed as a company doing the best we can to help every country's evolution and development. We will develop relationships with local and national leaders and work with nongovernmental organizations and governments. We will embed ourselves within the societies where we work. We will advance the best of interests of those countries and not take advantage of a population that is willing to work under lesser conditions. Globalization is happening, and InterNetLC.com will do our part to integrate these changes in ways that benefit local communities, companies and countries.
